

Stainless Steel Products

We offer a wide range of **Stainless Steel Products**, which is sourced from reputable manufacturers and vendors. Checked on our end for various quality parameters, this exhaustive range boasts of several features which make it highly efficient and versatile. We have emerged as a leading Supplier and Distributor of Stainless Steel Products across India and the World because we provide them at the most reasonable prices in the industry.

Range Available :

- Stainless Steel Sheets
- Stainless Steel Plates
- Stainless Steel Coils
- Stainless Steel Pipes
- Stainless Steel Tubes
- Stainless Steel Pipe Fittings

Stainless Steel Sheets

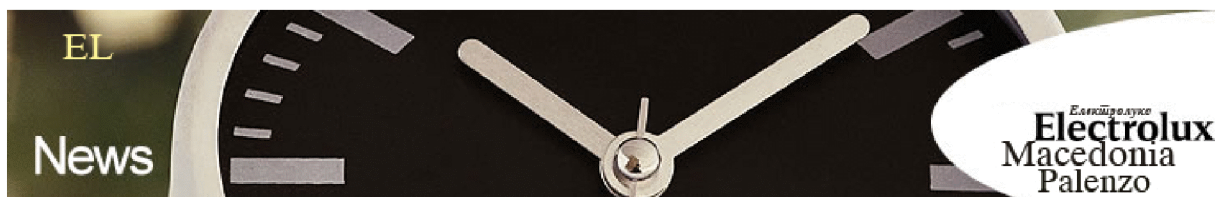

We offer a range of **Stainless Steel Sheets**, which is highly acclaimed for its quality. The Stainless Steel Sheets offered by us are required by industries for varied applications. Made with premium Stainless Steel metal of various grades, these are ideal for applications requiring high strength.

Features :

- High tensile strength
- Corrosion resistant
- Smooth finishing
- Conforms to industrial standards

Available Grades :

- Stainless Steel Sheets ASTM A240 Gr 316L
- Stainless Steel Sheets ASTM A240 Gr 316
- Stainless Steel Sheets ASTM A240 Gr 304L
- Stainless Steel Sheets ASTM A240 Gr 304
- Stainless Steel Sheets ASTM A240 Gr 310
- Stainless Steel Sheets ASTM A240 Gr 309
- Stainless Steel Sheets ASTM A240 Gr 321
- Stainless Steel Sheets ASTM A240 Gr 317
- Stainless Steel Sheets ASTM A240 Gr 410S

- Stainless Steel Sheets ASTM A240 Gr 410
- Stainless Steel Sheets ASTM A240 Gr 409
- Stainless Steel Sheets ASTM A240 Gr 202

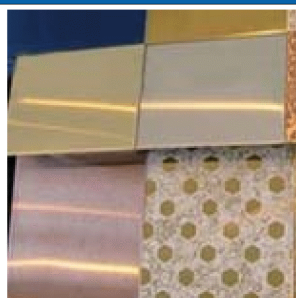

Applications :

- Industrial sector
- Commercial sector

Decorative Stainless Steel Sheets

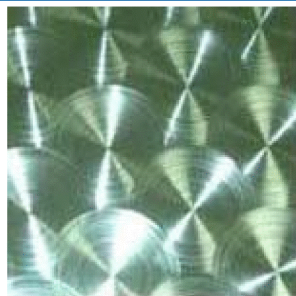

Decorative Stainless Steel Sheets offered by us are available in different dimensions and a mind-boggling variety of over a 100 patterns for etching designs. A combination of creative designs and strength of steel makes these Decorative Stainless Steel Sheets very popular in the market.

Details :

- PVD colors available
- **Maximum Etching Area : 1219mm X 2438mm**
- **Sizes**
 - **Max. Width :** 1219mm
 - **Max. Length :** 4000mm
 - 1250 /2440
 - 1520 X 3048 in various grades
 - Customization can also be provided

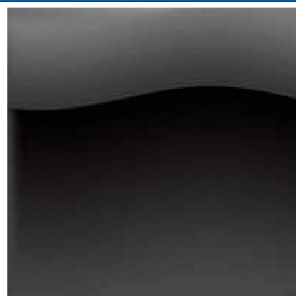

Designed Stainless Steel Sheets

Designed with chemically etched patterns, our **Designed Stainless Steel Sheets** are appreciated for their uniqueness in the market. Our team ensures that we provide a variety of different Designed Stainless Steel Sheets in customized packaging to the clients.

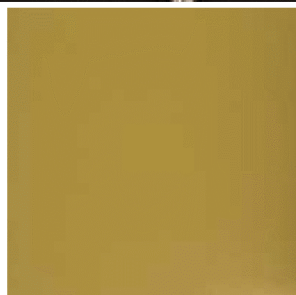

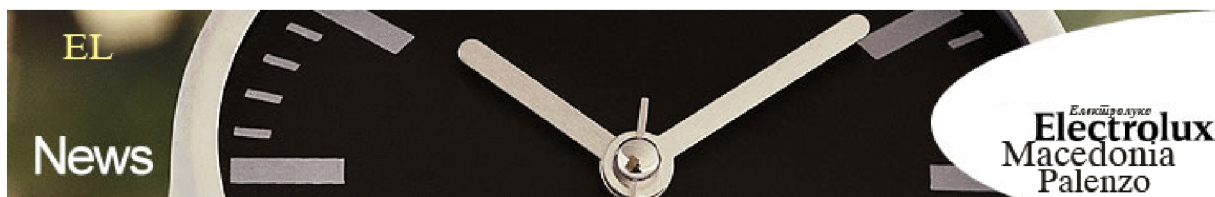

Designer Stainless Steel Sheet - 01

Specifications :

- **Surface Finish :** Ti-Black Mirror
- **Size (mm) :** 1219*2438*0.8
- **Actual Thickness (mm) :** 0.71-0.73
- **Weight (kg/sheet) :** 16.97

Designer Stainless Steel Sheet - 02

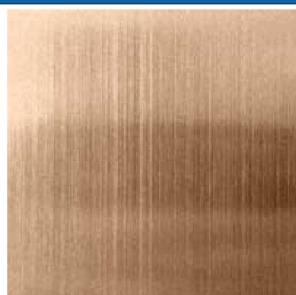

Specifications :

- **Surface Finish :** Ti-Golden Mirror
- **Size (mm) :** 1219*2438*0.8 & 1219*2438*1.2
- **Actual Thickness (mm) :** 0.71-0.73 & 1.08-1.11
- **Weight (kg/sheet) :** 16.97 & 25.92

Designer Stainless Steel Sheet - 03

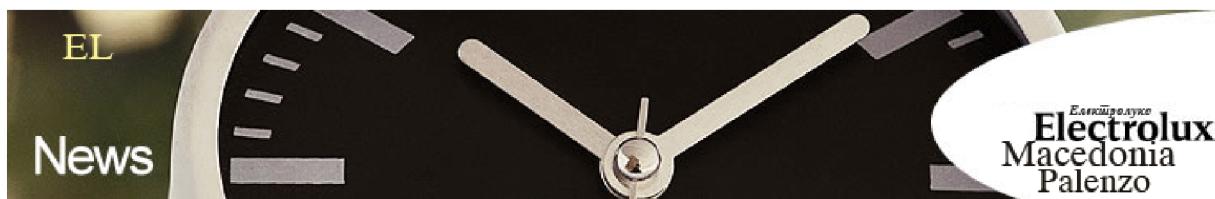

Specifications :

- **Surface Finish :** Ti-Rose Golden Hairline
- **Size (mm) :** 1219*2438*0.8 & 1219*2438*1.2
- **Actual Thickness (mm) :** 0.71-0.73 & 1.08-1.11
- **Weight (kg/sheet) :** 16.97 & 25.92

Designer Stainless Steel Sheet - 04

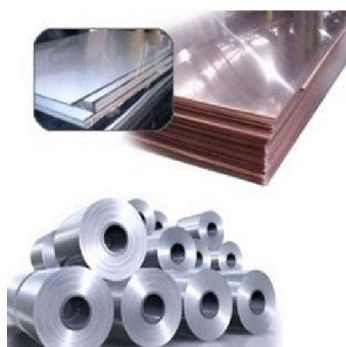

Specifications :

- **Surface Finish :** Ti-Rose Golden Mirror
 - **Size (mm) :** 1219*2438*0.8
 - **Actual Thickness (mm) :** 0.71-0.73
 - **Weight (kg/sheet) :** 16.97

Stainless Steel Plates

A comprehensive range of **Stainless Steel Plates** is offered by Rajendra Industrial Suppliers. We are well-known amongst the leading Suppliers and Distributors for providing Stainless Steel Plates as per the industrial specifications and international standards. Tested by experts to guarantee their features, our Stainless Steel Plates are made from top-grade steel.

Known for :

- Lustrous surface
- Excellent finishing
- Resistance to high pressure
- Dimensional stability

- High weight bearing capacity
- Shock endurance

Applications :

- Structural
- Mechanical
- Engineering

Specifications :

Standard	ASTM / ASME SA 240
Grade	304 , 304L , 304H, 309S , 309H, 310S , 310H , 316 , 316H , 316L , 316 TI , 317 , 317L , 321 , 321H , 347 , 347 H , 409 , 410 , 410S , 430

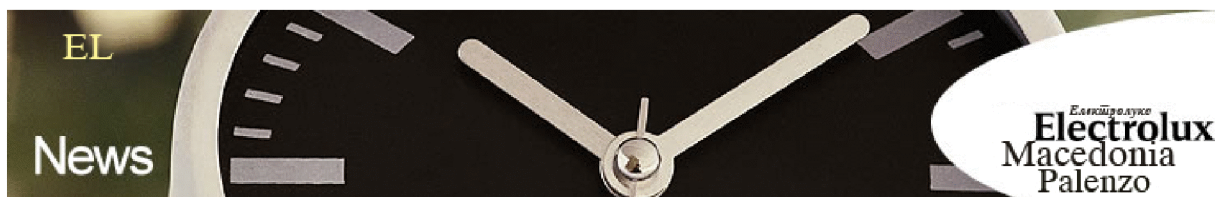

Stainless Steel Coils

We provide an all-inclusive range of **Stainless Steel Coils**, which is made in conformance with industrial standards. Bringing premium quality to the fore, these Stainless Steel Coils are procured from Manufacturers with established credibility, which use high grade Stainless Steel in its production.

Availability :

- Stainless Steel Coils ASTM A240 Gr 304
- Stainless Steel Coils ASTM A240 Gr 310
- Stainless Steel Coils ASTM A240 Gr 309
- Stainless Steel Coils ASTM A240 Gr 321
- Stainless Steel Coils ASTM A240 Gr 317
- Stainless Steel Coils ASTM A240 Gr 410S
- Stainless Steel Coils ASTM A240 Gr 410

- Stainless Steel Coils ASTM A240 Gr 409
- Stainless Steel Coils ASTM A240 Gr 409M
- Stainless Steel Coils ASTM A240 Gr 42
- Stainless Steel Coils ASTM A240 Gr 430
- Coils Monel 400 ASTM B127 Gr N04400

Salient Features :

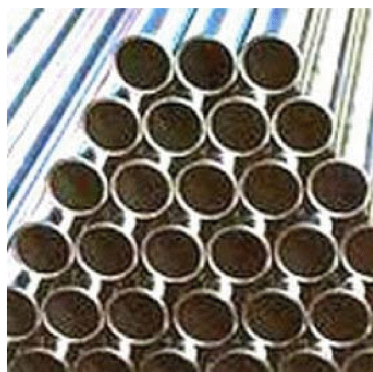

- Durable
- Good flexibility
- High heat resistance
- Superior shock resistance
- Competitive pricing

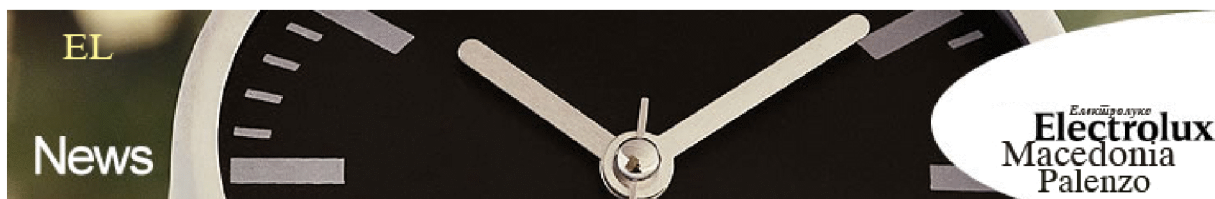

Applications :

- Chemical industry
- Fats & fertilizer industry
- Ship building industry
- Construction industry
- Steel plants

Stainless Steel Pipes

We bring forth a comprehensive array of **Stainless Steel Pipes**, which is procured from notable manufacturers in the industry. a wide variety of sizes, grades and dimensions are offered in the Stainless Steel Pipes that are well known for having a long functional life. Offering a performance that is beyond expectations of the clients, our Stainless Steel Pipes have managed to create an established client base across India and the world.

Range :

- Stainless Steel Pipes ASTM A240 Gr 316L
- Stainless Steel Pipes ASTM A240 Gr 316
- Stainless Steel Pipes ASTM A240 Gr 304L
- Stainless Steel Pipes ASTM A240 Gr 304
- Stainless Steel Pipes ASTM A240 Gr 310
- Stainless Steel Pipes ASTM A240 Gr 409
- Stainless Steel Pipes ASTM A240 Gr 409M
- Stainless Steel Pipes ASTM A240 Gr 420
- Stainless Steel Pipes ASTM A240 Gr 430
- Sheets Monel 400 ASTM B127 Gr N04400
- Carbon Steel Pipes ASTM A283 Gr C

Specialty :

- Reliability
- Ability to handle various materials
- Superior Tensile Strength
- Rust proof
- Abrasion resistant

Suitable for :

- Super heaters
 - Boilers
 - Heat exchangers
 - Other heat transfer equipment
-

Stainless Steel Tubes

Stainless Steel Tubes of impeccable quality are offered by us in a wide variety. The reliability in performance coupled with their ease of installation makes the Stainless Steel Tubes supplied by us a highly demanded Steel Product manufactured under strict quality control and offered as per the specific demands of clients, our Stainless Steel Tubes are delivered by us in desired timeframe.

Why our Stainless Steel Tubes?

- Tested by experts
- Made from premium steel
- Good stress bearing capability
- Resistant to corrosion
- Competitive pricing

Applications :

- Paper industry
- Sugar mills
- Distilleries
- Pumps
- Petrochemical industry
- Cement industry

Specifications :

Standard	ASTM / ASME A/SA 269 / 213 / 249
Grade	304, 304L, 304H, 309S, 309H, 310S, 310H, 316, 316TI, 316H, 316L, 316LN, 317, 317L, 321, 321H, 347, 347H, 904L

Stainless Steel Pipe Fittings

A wide gamut of **Stainless Steel Pipe Fittings** is Supplied and Distributed by us across India and the World. offered in a range of grades and made as per the industrial standards, our Stainless Steel Pipe Fittings have made us carve a niche among prominent names in the industry.

Also Available in :

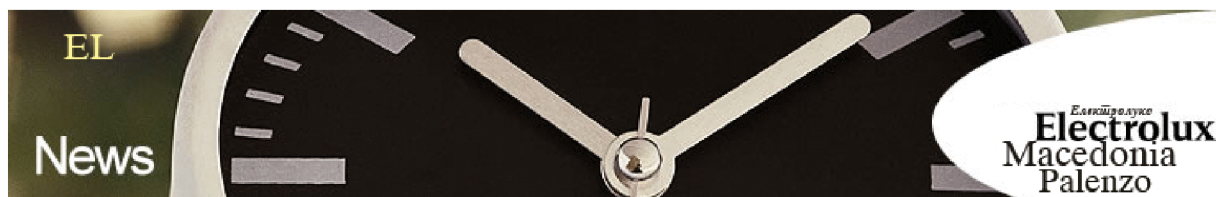

- Nickel
- Model
- Cupro nickel
- Titanium

Features :

- Durable
- Dimensional accuracy
- Shock resistant
- Smooth finishing
- Corrosion resistant

Applications :

- Construction sector

- Engineering sector
- Industrial sector

Specifications :

- ASTM A- 105, A 182 F-304 / 304L / 316 / 316L / 321 A-350-LF-2, LF-3, A182 F5, F7, F9, F22, IS 2062, IS 1239, IS 3589 ASTM A 234. WPA.WPB.WPC, WP, WP1, WP5, WP7, WP11, WP12, WP22 A 420 WPL3, WPL6, A 403 WP 304 / 304L / 316L / 321 / 347, IBR.
